

- We are all guests at MCC. Please be respectful of the facility and treat it with the respect it deserves. This means pick up your garbage, and take your old tires with you. Post event fines may be assessed for items left behind.
- Wristbands are required by all attendees on the property at our events. If officials discover somebody without a wristband on the property, they may either leave immediately or buy one at double the normal price. Officials will also issue a 5 position grid penalty to any drivers associated with the individual(s) whom failed to buy a wristband even if they decide to leave because of it.
- If you arrive outside of hours where wristbands are available, it is **YOUR** responsibility to obtain a wristband.
- There are no additional camping fees at MCC this year for Summer Nats. We ask that all attendees ensure they police their pit/camping areas before they leave for garbage. We need to leave the facility better than we found it.

Any violations of the conduct policy will result in immediate disqualification, expulsion or suspension. This includes arguments between competitors, bullying, or disagreements between organizations or teams. The Race Director, Event Coordinator and Head Tech Official are empowered to make the decision on the spot to disqualify or expel anybody in violation of the conduct policy on the spot, without warning.

Furthermore, if the decision is made by CKNA officials to escalate the consequence to a suspension, there will be no opportunity to appeal that decision or request a less severe penalty.

We are determined to host family friendly, fun events for all the people that enjoy racing with CKNA. Unfortunately, this means that we have to start removing the people that are standing in the way of that mission.

- Bicycles, scooters, pit-bikes, skateboards, hoverboards, etc. are not permitted between the time of the first scheduled session and final session of the day. CKNA will confiscate any of these items without warning.
- Anybody renting a transponder will be required to leave a credit card physically with registration staff while you have the transponder. Your card will not be charged unless your transponder is not returned. **PLEASE PLAN ACCORDINGLY!**
- Only race officials, support staff and people with a medical need approved by CKNA and CMS will be permitted to utilize any type of pit vehicle.
- Alcohol is only permitted after the track has gone cold for the day by persons 21 years of age or older. Drugs are not permitted at any time during CKNA events, regardless of local laws. Violations will lead to expulsion from the event.
- If you paid the \$100 deposit online, please bring your balance owed in cash. If you bring a credit card/debit card, you will be charged the amount you received as a discount, plus a additional 3.5% processing fee on the entire balance owed.
- We have a full house this weekend. Tow vehicles or personal cars should not be parked in the pit areas. We ask that you park your car/tow-vehicles in the designated areas to avoid traffic jams in the pits. There is plenty of vehicle parking available

2026 Summer Nationals

Supplemental Rules

GENERAL:

- Although every attempt has been made in the creation of the CKNA ruleset to be as complete as possible, not every circumstance can be accounted for; The Race Director has full authority to implement/modify rules that he/she feels are imperative to maintaining the spirit and safety level of the event.

EVENT FORMAT:

- This event will follow the "National Format" as outlined in the CKNA rulebook, with the exception of how split classes are split, scored, and recombined.
 - Drivers in split classes will remain in their same run groups for Rounds 1 & 2.
 - Grid assignments from Qualifying to Round 1, and Round 1 to Round 2 will be progressive (based on previous session's finishing order).
 - Heat points will be awarded for each round based on the National Format's Heat Points table from the CKNA Rulebook. Starting positions for the LCQ's and Features will be determined by the accumulation of points through Rounds 1 and 2. Qualifying will break any ties.
 - No points will be utilized after the LCQs and Features are populated. The driver who wins the Feature will be named the Summer Nationals Champion!

LCQ/FEATURE TRANSFERS:

- At the time of these rules being published, the Sr. Medium Class is scheduled for a Last Chance Qualifier. This unfortunately means that all drivers will not participate in the Feature race.
 - The 35 drivers with the most "heat points" after Round 2 automatically transfer to the Feature
 - The remaining entries will compete in the Sunday morning "LCQ" race.
 - The top 5 drivers by finishing position in the "LCQ" will transfer to the Feature, and will start at the back.
- All other classes will have all drivers included in the feature race.

FUEL:

- Spec fuel is 87 octane gasoline 87 Octane from any pump at United Dairy Farmers - 109 E Main St, Owensville, OH 45160
- It is HIGHLY advised to follow these steps to ensure you pass fuel tech:**
 - Assuming the previous customer bought a different grade fuel, it is your best practice to put the first gallon of in your vehicle or another container. The hose may contain fuel that **WILL NOT PASS TECH!**
 - Only place spec fuel in a clean and dry gas can. Cans previously containing mixed fuels may be contaminated.
 - Remove and completely empty your karts fuel tank before refilling. Siphoning or disconnecting a fuel line may leave fuel in the tank, which has caused multiple fuel DQ's in the past including the Grands.
 - Tech will provide complementary fuel tests at any time.

STARTING PROCEDURES (*all classes except Kid Kart*):

- Once released from the grid, the leaders should reduce speed when approaching turn 8 to allow the field behind them to form up behind them. Drivers will proceed straight through turn 11 and then turn left towards turn 16 (cutting off turns 12-15) which will provide a straight approach to the green flag.

KID KART STARTING PROCEDURES:

- Parents will push their child's kart **ON THE KART STAND** from the Kid-Kart grid (next to scales) to the starting area
- Engines will be fired by the parents and must immediately exit the track.
- Karts will receive the green flag at the start finish line.

PRETECH:

- All karts must submit a pretech form and pass pretech prior to **round 2 of practice on Friday**. Only late arrivals or those who had issues needing correction will be permitted to pre-tech after that point unless previously approved by tech officials.
 - Various chassis tech stickers and engine tech seals will be installed by CKNA officials. These seals are not to be tampered with by competitors. Any destruction of a seal will be grounds for disqualification.

ADDITIONAL CLASS AND GROUP STICKERS:

- CKNA officials will be issuing all competitors stickers denoting which class each competitor is registered for as well as which practice group they have been randomly assigned. Practice group assignment is **NON NEGOTIABLE**, and may not be changed or traded amongst competitors. Only extreme circumstances will be considered for changing practice groups. Hint: "My buddy is in the other group" will not be a valid reason to request a change!

PENALTY NOTIFICATIONS:

CKNA will be utilizing RaceSelect's electronic penalty notification system. This consists of monitors placed at the scales to notify drivers and handlers of post race penalties, as well as SMS notifications delivered to the driver or handler directly.

- At registration, it is your responsibility to verify the phone number on file for your driver(s) is accurate. Not receiving a SMS message regarding a penalty DOES NOT invalidate it. It is still your responsibility to check the penalty board before leaving the scale area after each session.

REMINDERS FROM OUR TECH STAFF:

- Whether you have raced a CKNA event before or not, please make sure to read the rulebook prior to the event.
- Special attention will be given by tech staff to ballast being safely and securely mounted to the kart per CKNA rules.
- If you are called to tech, please be prepared with the tools to do the following: (loaner tools will not be available)
 - Remove engine side nerf bar / side pod, fan cover, valve cover, exhaust, air filter, Carb and Intake manifold, black upper heat shields (both), engine from the kart.
- Mechanics in restricted classes should have a screwdriver on hand at all times for spot slide checks.
- Ballast must be painted with a high visibility color, and include the drivers kart number and name or initials.

2026 Summer Nationals Schedule Overview

For Thursday load-in, we will begin parking people at 12:00pm in the order they are lined up in at the entrance. No one will be admitted without a wristband for parking. Wristbands will be picked up at the entrance.
